NOTICE OF ALLOWANCE

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Germany on December 16, 2002. It is noted, however, that applicant has not filed a certified copy of the 102 58 789.2 application as required by 35 U.S.C. 119(b).

Allowable Subject Matter

2. Claims 1-21 are allowed.
3. The following is an examiner's statement of reasons for allowance: The present invention relates to a device for dressing a card clothing, and a method for dressing a card clothing using the device. It is the examiner's opinion that the art of record considered as a whole, alone or in combination, neither anticipates nor renders obvious a card clothing dressing system having a remote-controlled advancing mechanism together in combination with the rest of the limitations in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Faas et al. disclose a device for grinding working elements of a carding machine. Riley discloses a dressing, grinding and polishing tool for carding machines.
